

'March' nets \$20,000

By Marge Ratcliffe

What was described by an observer as "one of the greatest things I've ever seen kids do" netted the Christian Youth Center in Joliet \$20,000 last weekend.

One hundred and forty young people and seven adults trudged 20 miles from Shorewood to New Lenox, each walking for a pledged amount for each mile completed.

Called the "Miracle on Manhattan March," it will provide funds for a new center, to be located on the southeast side of Joliet on Manhattan Road. The 5-acre site was purchased three years ago, also with donations.

The Youth Center is now located at 218 Herkimer St., Joliet, and is open to all high school-age people in the greater Joliet area.

"The response was tremendous," said Bob Simenson, president of the Christian Laymen's Association of Will County, which is the sponsoring body of the Youth Center. "It took everything they had, but they did it."

The walkers' pledges ranged from 10 cents up to \$40 a mile for one Lockport

marcher, Sue McCoy, a freshman at Joliet Junior College.

The troops started at 8:15 a.m. from Shorewood and the last ones arrived in New Lenox about 3:30 p.m., where they were treated to a well-deserved dinner by the Laymen's Association. Additional funds were pledged and donated at the dinner.

The Youth Center currently serves young people from Mokena, Frankfort, New Lenox, Manhattan, Shorewood, Plainfield, Lockport, Romeoville and as far away as LaGrange. They have a counseling service on Tuesday and Friday nights, which has been in operation for five years.

"People say there is no place kids can go...we try," said an official of the center.

Harvey Russell, director of the center, and Chuck Raines associate director, will soon have new quarters because of the dedication of a large group of young people and adults who are action-minded.

The marchers are represented by 294 sore feet, but they think it was worth it.

Sewer bid deadline set

FRANKFORT- The Frankfort village board has set Nov. 30 as the due date for bids on the Center Road Sewer and Water Extension project. The village will have to petition the county for a permit and post a bond in the amount of \$23,000. Property owners on South Center Road are paying for the extension of village sewer and water lines to their property.

Engineer Robert Hamilton presented the preliminary plans for up-dating expansion of the sewer plant to handle a capacity

for 7,000 people. The cost is estimated at about \$300,000, financed through federal and state funds.

Ordinance 678, a revised liquor license ordinance for the village of Frankfort, was passed. It is an ordinance providing for licensing and regulating the sale of intoxicating liquor and rescinding

several ordinances.

The Lincoln Lane Improvements project was re-bid and awarded to Barr's Building Corp. for \$15,191.18. The bid was \$1500 below the previous low bid.

Low bidder on road salt was the Morton Salt Co. for \$11.60 a ton.

Attorney Gus Santoro advised the board that he had received a petition for the vacation of a street and a portion of Elsner Road and a document to dedicate a 66 foot right-of-way to the village from Gerald Sager of Sager Industries on Route 45.

Attorney George Sangmeister was present on Sager's behalf. The board advised him that until Sager complied with some of board requests, especially in regards to burning without an approved incinerator, all action would be tabled. Trustee Alan Mager will meet with Sager and

Sanitary extension denied

NEW LENOX—Village trustees learned in a letter from Clarence Klassen, head of the Illinois Environmental Protection Agency, that the village has been denied permission to operate a sanitary sewer extension to the Clover Subdivision. This subdivision is on the north end of town, an extension of Wallace St.

The reason for the denial was that no satisfactory progress was done on updating and expanding the present

village sewerage treatment plant. Work on it was delayed because of the recent carpenter's strike. The board voted to install a new pump at the plant and it will cost \$1,232.00.

Employees in the street and sewer department have a set pay scale starting Dec. 1 for a 44 hour week. They are as follows: \$3.25 for Class C employees, \$3.50 for Class B employees and \$3.75 for Class A employees.

The board voted to release

the bond for street improvements on Kimber Drive when the Kimberland Development Co. posts a \$1500 cash bond with the village for drainage improvements.

The Lions Club was granted permission for their windshield wash on Nov. 29 from 7:30 a.m. to 1 p.m. on the corner of Route 30 and Cedar Road.

Effective Nov. 19, Richard Snyder of Bittersweet Lane was appointed building inspector.

Wayne Johnson, village attorney recommended and the board approved the decision to file small claim suits against customers with outstanding sewer bills under \$500. Small claim suits were recommended because of the high cost of filing lien foreclosures.

The New Lenox Grade School board has reported it is willing to pay up to \$1,000 for sidewalks in front of Oakview School.

Oppose Grace rehab. center

By "Mac" Mac Donald

... and the greatest of these is Charity. (Matthew)

MOKENA -- Is Mokena ready for the Christian function of charity? This about sums up the results of a special meeting held last Friday between the Rev. Carroll W. Peterson, certified social worker of the newly-formed Grace Center and local religious leaders. The center is located at 19747 Wolf Rd., Mokena, at a former lumber company site.

Attending the meeting were the Rev. Miles Kowskie, O.F.M. assistant pastor of St. Mary's Catholic Church, the Rev. Laslow Hunyady, pastor of the United Church of Christ, and the Rev. D. Dean Benton, pastor of the United Methodist Church, all in Mokena.

The purpose of the Grace Center is unclear to many people. When a truck from the Ford Motor Co. dropped off some automotive equipment, rumor had it that the place might be a front for commercial development for an automotive center. The property is zoned B-1, Commercial.

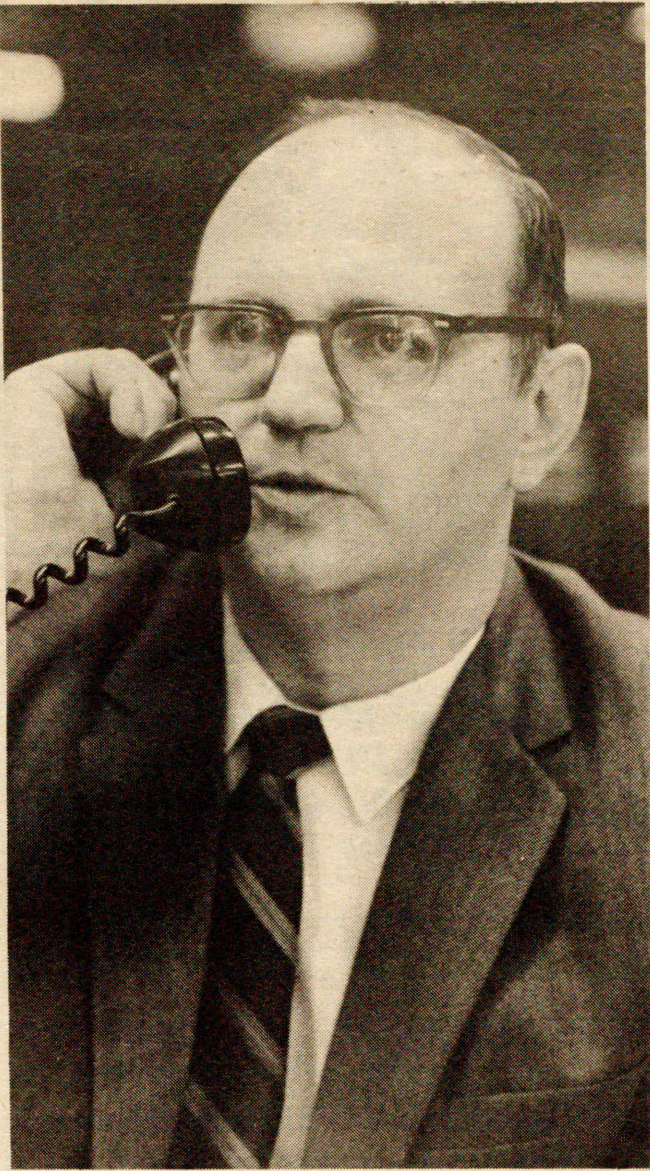

The fact is that the Rev. Mr. Peterson, who is also a licensed social worker, is bidding on any work he can get his hands on to aid people in helping themselves. He thinks vocational rehabilitation should be one of the functions of the center. He said, "I'll bid for jobs like any other bidder." It is cheaper for the Ford Motor Co. to ship to the center a special job involving the replacement of rubber skids than to do it at the Chicago Heights plant.

In a statement of purpose for the organization, Mr. Peterson said, "Grace is a Bible word meaning the unmerited, unearned, undeserved love of God. God loves everyone. (John 3:16). The primary purpose of Grace Center is to communicate God's love by helping people secure and keep employment. We will help each individual help himself in our rehabilitation services to reach the fullest physical, mental, emotional, social, vocational, spiritual and economic usefulness of which he is capable."

"The type of work that we will do is dependent upon the work provided by the business community. Some examples are collating, packaging, assembling, renovation of used materials, telephone answering, shipping and receiving by rail, warehousing, etc."

Mr. Peterson's current project is to provide facilities for the sale of Christmas merchandise from cards to presents. He said that the center will be able to handle sales on consignment.

Mr. Peterson's idea for the center is to establish a Mokena Council of Churches and a chaplain's program to help in the administration of aid. He said that a lot of problems that the center could aid would probably come from

Mayor is upset over news leaks

apartment buildings and centers of transient residents. Mr. Peterson said that communication with police forces would be a source for extending aid Hunyady said, "How are you going to get the law to make referrals to the Rev. Mr. Chaplains? Mr. Peterson said that the previous police chief would have wanted to help out.

Mr. Peterson pointed out the futility of dealing with institutions that would allow the center to care for people for 20-30 days and then would want the people shipped off to other institutions.

The Rev. Mr. Denton asked how the monthly rental of \$1100 would be met. Mr. Peterson said that the rent

had been handled to Dec. 1 and that future rental payments would depend on the success of the center.

Father Kowskie said that first newspaper reports were sketchy and asked "What would be the general things that you would want?" Mr. Peterson said that he needs salaried administrative and professional staff members.

Rumor has it that petitions against the center are running rampant throughout Mokena. Mr. Benton said, "I see resources in my church". Father Kowskie said, "People who move from Chicago must respect those people who brought their prejudices with them."

ROMEONVILLE — Mayor John O'Hara denounced "the practice of certain persons in official positions releasing news before the official release time" at the village board meeting Nov. 18.

O'Hara said he referred to an item which appeared in a local publication giving details of a law suit to be brought against the village.

Board talks, garbage

BOLINGBROOK — The Bolingbrook board of trustees Wednesday night agreed unanimously to improve village sanitation by authorizing bids for refuse sacks.

The refuse sacks and containers, plus garbage collection are expected to cost about \$3.00 a month per resident. The village, under the new plan, would pay the bill and charge the cost back to the individual user of the garbage disposal service, on a quarterly basis.

The sacks and containers would eventually replace the conventional garbage cans throughout the village.

The board took under advisement approval of a new real estate development plan, to be financed by the Federal Housing Agency. Presentation of the plan was made by the Winston Development Corporation.

Marathon Oil Company has filed a suit because they have been denied a building permit, after they have purchased a site on the east side of Route 53 north of the Hampton Park Shopping Center.

O'Hara said the village residents had given a "mandate" in regard to any future gas stations" and indicated that he intends to follow their directive. At the present time, Romeoville has nine gas stations.

The suit was to be heard Nov. 19, but was delayed because village attorney Richard Buck was to appear at an ICC hearing. Buck said he had no knowledge of when the suit could be heard.

The trustees also discussed the recreational area west of Lake Shirley. Sixty-eight acres of land were purchased in November of 1969 at a cost of \$204,000. Federal funds are available for half the purchase price.

Trustee Jerry Capps asked, "What are the intentions for the use of the land and what has been done so far?" O'Hara said trees and shrubs had been trimmed under the direction of "a skilled worker." A golf course installation had been investigated, but according to O'Hara, costs were "prohibitive."

Trustee John Veeninga called for action on improvements to be made by Alexander Construction Company in subdivisions 9, 10, 11, 12, and 18. Veeninga said now that the carpenters strike is over, the work should be completed.

Otherwise, he said, the village will take action by having the work done them-

selves and deducting the cost from the construction company's performance bond. Veeninga added the work should be done by the Dec. 2 board meeting.

Duane Rosendahl, chairman of the water committee, said that large balls of grease are coming through the village's sewers. "This is not coming through from homes, but must be from some commercial operation," he said. The village engineer was directed to check business establishments.

Jerry Capps reintroduced a motion to charge Alexander Construction Company \$15 an hour when village employees work for Alexander. Capps originally made the motion at the last meeting, but it was tabled.

Trustee William Bessette said a meeting was planned for 7 p.m. Nov. 28 to investigate the entire matter. Harry Betzel seconded the motion.

Mayor O'Hara said, "There is no problem, just vote down the motion," prompting Capps to reply, "You have received a directive from your mayor, see that you obey him." Capps and Betzel were overruled by Veeninga, Bessette and Rosendahl.

The trustees learned that Fire Chief Albert Stadmaier will deliver a safety report on the National Fiberglass Factory in Romeoville at the December meeting. The trustees had ordered an investigation of the company's ventilation system, but Stadmaier said he needs the proper equipment to conduct the investigation.

advise the board when work is completed.

The deed for a park in Krusemark's addition has been recorded and the lease agreements sent to the park board. Trustee Mager is to check to see if it will be possible to purchase an additional parcel of land for the use as a ball field.

Brian Hillenbrand, who was reportedly violating the village fence ordinance, was advised that action on the matter would be tabled until a recommendation is received on revised fence regulations. At that time, Hillenbrand

must comply with the new ordinance or make an appeal to the Zoning Board for a variation.

Don Carter was advised that he is responsible for that portion of the sewer leak on the easement of his property. Repairs are to be made by Dec. 1, 1970.

Re-appointed to the Zoning Board of Appeals until April 1971 were Charles McManimen and Norman Hossbach. Also re-appointed was the entire planning commission until April 1971. Members are: Burton Breidert, chairman, Chester Arthur, William Batson, Harold Ebert and William Parks.

Holiday thoughts

Be Thankful on this Day

Thanksgiving Day means different things

To each and everyone,
Yet all can offer heartfelt thanks,

Before the day is done
Most people share festivities

With family and friends,
And they won't eat their special meal,

Until the blessing ends.
To others it's another day,
When they are all alone,

But still they say a prayer
of thanks,
For kindness they have known.

Then there are those who
long for home,

Go back, it's not too late;
Thanks will be said for your return,

Then all will celebrate.
We all give thanks for servicemen,
Both near and far away.

We pray for peace, for your return,
On this Thanksgiving Day.

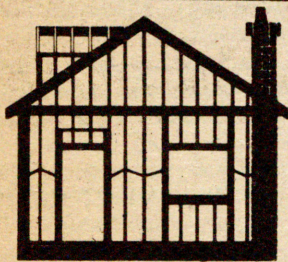

All prayers of thanks can be combined,
For blessings that we share,

So we can learn to live our lives,
That others know we care.

The needed nervousness

By Herb Hall

Sometimes I get the impression that the whole world is bent on making me nervous.

Now the office of the Illinois secretary of state has issued two pronouncements which serve only to confuse me. One is to the effect that midnight Feb. 15 is the deadline for "displaying 1971 motor vehicle license plates on all vehicles licensed on a calendar-year basis." The other threatens prompt arrest of anyone who displays a 1971 license before Dec. 1.

Then the officials add, apparently in a boasting mood, that they have been sending out 1971 license plates since late October, in spite of the fact that it is against the law to use them.

The secretary of state's office jubilantly says that about 200,000 sets of plates will be sent out before they can be attached to the automobiles to which they have been assigned.

This, I suppose, has to be called an achievement of some kind. But there are at least two things I don't understand about it.

One is why anyone would want next year's license plates 3 1/2 months ahead of time. The other thing I don't understand is that reference to "all vehicles licensed on a calendar-year basis."

I am wondering what other basis there is, and if I could get in on it. I'd be willing to postpone the whole thing indefinitely, if the secretary of state wouldn't mind.

As a matter of fact, I don't believe in the entire system of licensing automobiles. I don't even think much of automobiles. I suppose the secretary of state knows what he's doing, but I'm getting a little too old to care now whether he does or not.

It is true that in a complicated society like ours all sorts of licensing regulations and other fundamentally annoying rules and tax levies are ne-

cessary. We are not likely to abolish automobiles just because they are a nuisance.

Nor can we, under any foreseeable circumstance, dispense with policemen or the armed forces. They may, perhaps, be regarded at times as necessary evils, but, generally, they are more necessary than evil.

Ramsey Clark, former United States attorney general, has written a book called "Crime in America," in which he says more money is spent in this country on house pets than on police protection.

It's a rather astonishing observation, and I'm not sure I believe it, but I suppose Mr. Clark is in a better position to evaluate the dubious statistics than I am.

It's undoubtedly true that many people prefer house pets to policemen -- except when they need a policeman. Just as the American people, for years, have been able to afford both guns and butter, they can afford both house pets and policemen.

Mr. Clark makes the point that we have to pay for the professional sort of police protection we need and, generally, we are not doing so. (He doesn't say anything about higher remuneration for house pets.)

He adds that we are not paying for anything like an adequate prison rehabilitation system. Nor, he might have added, are we providing even nearly adequate care for the mentally ill, who swell the ranks of criminals of the violent sort. A pickpocket may be a perfectly normal skilled tradesman, of a sort, but many murderers, rapists and child molesters are mentally sick.

People rave on about "law and order," but they really don't do much about it when it comes time to open their wallets. "Rehabilitation" of prisoners, as Mr. Clark writes, is largely a myth.

Ultimate responsibility

It is interesting to speculate on how history will treat the My Lai 1968 massacre in Vietnam. It is a good guess that the story will be pretty thoroughly distorted, like the story of the Boston Massacre. Probably it has been by this time.

After all, the truth doesn't reflect very well on "our boys."

On trial are junior officers and non-commissioned officers. The question is who is ultimately responsible. The answer is that we all are.

We can pick out a few scapegoats who may, or may not, have been the actual mass murderers, and say

something like, "Mercy sakes, we'd better hang them so that we can keep our image before the world."

We all know that we are all guilty, and that the horror of My Lai was not the simple action of a few panicky young soldiers. We don't know the extent of the guilt of Sgt. Mitchell, Lt. Calley or Capt. Medina.

It seems established that the massacre did take place. The responsibility rests indirectly with the superior officers who are supposed to be trained disciplinarians, and ultimately with the people of the United States.

HARD ACT TO FOLLOW

Letters to the editor

(Note: The following letter was sent to the Lockport High School Board of Education, after a meeting with the North Central Association of Colleges and Secondary Schools. Last spring, the NCA placed the high school district on "Accredited-Warned" status for several violations of NCA criteria.)

Mr. William Brill, president The Board of Education Township High School District 205 12th and Jefferson Streets Lockport, Illinois

Dear Mr. Brill:

On Thursday, Nov. 5, Boyd Bucher, Will County Educational Services Region Superintendent; Robert C. Grant, assistant superintendent, Division of Recognition and Supervision, Office of the Superintendent of Public Instruction; Guy Cornwell, associate director, Illinois Association of School Boards, and I met with the board of education, the superintendent and other administrators of the Lockport Township High School District 205. My colleagues and I agreed that the meeting was most worthwhile to us. We hope that you feel it was helpful to you.

You have engaged the services of a superintendent who appears to be a most competent person. As you know, we invited him to have dinner with us prior to the meeting of the board of education. I was impressed with his knowledge of the needs in District 305, his sincerity and his dedication to his responsibilities as the executive officer of the board of education.

tion.

I gained the impression later, at the meeting of the board of education, that the board members have great confidence in him. This is the way it should be. I now feel that the board of education-superintendent relationships are as they should be. I feel further, that the good relationships will continue. This, as you know, was one of our prime concerns, and was one of the reasons for the "Warning."

The second concern we have, is what appears to be a lack of community support of the schools, not financially but moral. After a board of education is duly elected by the people of a school district, the people should support it, even though at times some people do not always agree with some decisions made by the board.

No board of education can fully succeed in carrying out its responsibilities unless people get behind it and give it support, including the press. No good is served anyone, including the children, when a board of education is made the target by people, especially when the individuals on the board are the targets of personal disparagement.

One of the main reasons cited in the North Central Association's "Warning" of your schools was the lack of community support. If the new superintendent and the board of education are to bring about the improvements needed, the community must provide active support, both financial and moral.

I would hope that at the Annual Meeting of the NCA in Chicago during April, 1971, that I recommend to the Commission on Secondary Schools that the "Warning" be removed. I think I can if the community will give the administration and the board of education their support.

We wish to express our appreciation for the hospitality extended us the night we met with you.

Sincerely,
LOWELL B. FISHER
chairman

It is my opinion that the Chamber of Commerce could provide a second waste receptacle at the end of the park on New Ave, opposite the one that is there now.

Very often old people sit in the park, and if they should have trash to throw away, they are not going to want to walk across the entire park to dispose of it, if that is where the trash can is located.

A second trash can wouldn't hurt young people, like myself, who tend to become lazy in certain instances. Of course, this is only a suggestion, but perhaps something can be done about it.

At the election the name of each judge who has filed such a declaration shall be submitted to the voters, on a special judicial ballot without party designation, on the sole question whether he shall be retained in office for another term. The elections shall be conducted in the appropriate judicial districts, circuits, counties and units. The affirmative votes of a majority of the voters voting on the question shall elect him to the office for another term commencing the first Monday in December following the election. Any judge who does not file a declaration within the time herein specified, or, having filed, fails of re-election, shall vacate his office at the expiration of his term, whether or not his successor, who shall be selected for a full term pursuant to this Section shall yet have qualified.

Any law reducing the number of judges of the Appellate Court in any District or the number of Circuit judges in any circuit shall be without prejudice to the right of judges in office at the time of its enactment to seek retention in office as hereinabove provided.

Nader set to speak at Moraine Valley

Ralph Nader, the second guest lecturer in the Moraine Valley Community College 1970-71 lecture-concert series, will speak at 8 p.m., Thursday, Dec. 3, in the 600 Building on the college campus, 10900 S. 85th Ave., Palos Hills.

He will speak on "Environmental Hazards; Man-Made and Man Remedied."

The public has been invited. Tickets are \$1 and will be available Nov. 23 in the college's book store, 800 Building. Seating capacity is limited.

Nader first made headlines in 1965 with the publication of his book, "Unsafe at

Any Speed" which charged the auto industry with failure to insure safety in its products.

Although he still keeps a watchful eye on Detroit, Nader has immersed himself in many consumer issues. Included are the sanitary issues in the meat and fish industry, the dangers of radiation in the course of medical and dental x-rays, gas pipeline safety and environmental hazards such as air and water pollution.

Further information may be obtained by calling the student activities office, 974-4300, ext. 12.

The broiler that cleans up after itself is electric.

Steak splatterings, burnt grease—anything that gunks up a broiler—disappear when you turn an electric self-cleaning oven to "clean."

With the other kind, you may have to clean the broiler by hand. Ugh.

Another thing. An electric self-cleaning oven does the job without heating up your kitchen, because it's insulated on all six sides.

And you don't need venting because there's no flame.

Simple decision, right?

JEAN ROUSE

Jean's World

There will be 17 or 18 people at our house for Thanksgiving Dinner. We will have the family together, and I will enjoy the confusion, but eventually get them fed. It occurs to me, however, that while I wouldn't underestimate what the Pilgrims went through to get that first Thanksgiving dinner on the table, our own celebrations are not so worry-free either.

We are so darn protected, these days, against everything. We are so legislated, vaccinated, warned, instructed and cautioned, that I swear some people I know are going to have nervous breakdowns just from being careful! If somebody could figure out how to legislate common sense, we'd get somewhere. Until then, all the legislation intended to protect us from ourselves will continue to be exactly what is now — nonsense!

It was as easy, I think, for Pilgrim Mother to serve a turkey, once Pilgrim Father located one, as it is today.

Pilgrim Mother gave a prayer of thanks for a tough old bird full of buckshot. Then she de-feathered it, stuffed it, and cooked it. The family then devoured it to the last bone and thrived — unless somebody bit on the buckshot. All this, while totally unprotected by laws governing sanitation. Not that I'm against sanitation, mind you. I just think some of the repeated instructions, we get, spoil the fun.

Our family rarely shoots its own turkey these days. Since we don't I am fully aware of the problems of shipping and storage. I'd like my turkey cleaned, fresh and edible, and I do not want to make its acquaintance on the hoof.

The government tells me that it is out to see to it that anything I buy in a reputable store is safe; I'm willing to take the government's word that I'll probably not be harmed. Thus, having selected my turkey, I would just like to enjoy it. But I can't.

Every menu for cooking warns loudly: "Do not stuff your turkey the night before!" (Gee, fellows, I wasn't going to — honest!) "After cooking, remove dressing at once and refrigerate. Remove any left over meat from the bones and refrigerate at

once." Most women, who have kept house long enough to cook a turkey, are aware of the advisability of refrigeration!

We recently went to dinner, and turkey was served. The hostess hovered over her husband while he carved. She removed the stuffing into a bowl. She kept a careful eye on it as it was passed around the table. As the last guest was served, she snatched the bowl and sprinted for the refrigerator. She couldn't sit down for coffee with us; she had to get the turkey off the bones and put it safely away. The overall effect was not so much a concern for our safety, as it was to give us the impression she knew something about that turkey that we didn't.

The Pilgrims had to worry about finding anything at all to eat, while dodging arrows. We seem to worry just as much about somebody thinking we aren't careful, or didn't wash our hands.

I'm not making fun of Thanksgiving — just of people. I feel very strongly about Thanksgiving. It is so over-shadowed by the coming of Christmas that it gets lost, and it shouldn't. It should be a day to welcome winter; to take stock of how much we really do have, and to be thankful for it.

Early the other morning, I went unwillingly out with the dog. I stood un-cheerful and shivering on the porch. The morning was dark grey and soaking wet, but the skeletons of the Burr-Oaks, stretching their knobby fingers against the sky like an etching, had a dismal beauty all their own.

Suddenly, I felt something like the Pilgrims must have felt. There is so much to be thankful for, and we take it all for granted. Most of us have warmth, food enough to share, clothing, family love — and the love of others who need us. We should stop worrying about ourselves, and hold out a hand to the rest of the world.

This Thanksgiving, may all of us, who have these things in abundance, slow down and look at them long enough to be truly appreciative — maybe even thankful enough to share them with someone else.

"We've got to start talking with kids instead of at them." — Jay Fournier.

'... in a drug society'

by Marge Ratcliffe

"We live in a drug society," says Jay Fournier matter-of-factly.

At 23, Fournier is the youngest member of the National Council of the YMCA, a consultant dealing with urban and youth problems.

"I don't know of any drug problem that doesn't reflect in some way back to the family," he said. "Many times, they are, 'Good families.' Today, the idea that good is related to dollar bills is ridiculous. A good family doesn't have to have coin."

Fournier was in Lockport to speak to the Business and Professional Women's Club. "If there is a problem in a community, especially with young people, it takes a lot of work to get it together. Many times people are most interested in industry than the kids. They may need more industry, but they also need to help their kids."

Fournier and Lt. Whitey Miller, Lockport's juvenile officer discussed the Lockport drug situation. Miller said there have been four arrests in Lockport this year. He doesn't know how many others might need help. "They don't call us... and there is no agency in Will County to cope with drug rehabilitation. We tell them to contact their family doctor."

Fournier said sometimes there are many problems when a community "turns on" to a drug problem. "Often, there is mass paranoia; everybody sees 'dope' everywhere. Sometimes the kids who try to act as authorities on drugs really don't know what they're talking about. They'll tell you they had the best trip of their life on 'home grown' Marijuana... when it's analyzed, it turns out to be plain dried grass, from the front yard.) Their 'trip' is all in their heads."

Does marijuana lead to harder drugs? Should it be legalized? Fournier said you can only argue the point on shaky grounds; Whitey said figures indicate 84 percent of all heroin users started with marijuana; Fournier

said "with '100 percent started with milk."

Even if the community makes a concentrated effort, the parents must help. "Many times, they deny the problem. Their kid is screaming for help, and really the parents are the only people who can do something," Fournier said.

"There must be follow up... a total program. It's very tough to get the kind of workers that are needed. We have to educate the community and the parents... explain why their son split and their daughter is pregnant and trying to perform her own abortion," Jay said.

As to a drug society, Fournier said "everybody takes pills... diet pills, pep pills, and how many business luncheons are conducted over martinis? Commercially for various over-the-counter drugs promise terrific results... take our pill, become the president of your company. They show people who look half-dead... they take a pill, they look great."

He added, "If we are a society that needs something to turn us on, what the hell are we all about? These kids have grown up with drugs... billions of pills are produced each year, enough for 45 pills for every man, woman, and child... as I said, we live in a drug society."

Fournier said people can't interact. "We see somebody on the street... we say good morning, they don't answer, we're hurt; we've extended ourselves and gotten nothing back."

"We can no longer 'turn on' to a sunset, or riding a bike... we need to be entertained... we need mechanical stuff to turn us on." Communities need to start talking with kids instead of at them, he said. He added there have been improvements in this area recently.

Why do kids use drugs? "There are three reasons. One, it's the thing to do, they think... a trying-on period. Two, it's a young person's thing... older people take diet pills... Three, the kid feels he needs escape from what he perceives is a very ugly world."

"We have to find another way and turn it around, just turn it around," he concluded. He's had quite a lot of experience in "turning it around."

A member of the council since March of this year, he's been associated with the "Y" since 1967. Previous experience includes storefront

operations in suburban Chicago, one in a farmhouse in Elk Grove Village. He's also participated in camps, and encounter groups.

Does he ever get depressed? "When I'm really down, the kids turn me on again. They're great..." He said, again, "We have to turn it around..."

A doctor from the Will County Health Department will be at the Ann Rutledge School at 9 a.m. Monday, Dec. 9, to give rubella (German measles) immunization shots. They will be given to children from one year of age through third grade. Registration will start at 8:30 a.m.

Permission slips for the

shots must be signed by a parent or guardian. Although rubella is generally considered a mild childhood disease, its affect on pregnancies makes it one of the leading causes of birth defects in the United States today.

Epidemics seem to occur in cycles ranging from seven to nine years. The last high index was in 1964. A nationwide effort is now un-

derway to avert such an epidemic in the 1971-72 possible cycle peak.

At a meeting of the Ann Rutledge school board Nov. 11, it was decided that a better check should be made on absent students. The board is requesting that parents notify the school of authorized absences. Parents may call the school (469-5368) any time after 7:45 a.m.

The board requested that students arrive at the school between 8:40 and 8:50 a.m. so they will not have to wait so long before entering the building. In case of heavy

snow, emergency school closings will be announced on WJOL Joliet, and WGN radio and Television, Chicago.

Insurance Questions

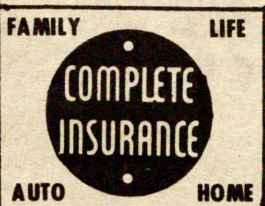

QUESTION:

Is the liability part of Homeowners insurance just as broad as it is when you buy it all by itself?

ANSWER:

Certainly and in some ways it is even broader in its scope. There has been no attempt to reduce the various coverages when they are included in a Homeowners policy.

Everybody needs boxes.

'What am I bid?'

By Marge Ratcliffe

Perhaps the reason everybody works so hard at fall housecleaning is so they'll have someplace to put all the things they buy at fall auctions. Buyers at the N. Vanner Lundeen estate auction last Saturday had a great variety of articles to wonder about and bid on. Many antiques, commodes, dressers, dishes and glasswares—the kind that real auction hounds love to speculate about—were on hand. Even cigar boxes offered as “you get what you don't see” sometimes contain surprise treasures — later placed on mantles and passed off as “just something I picked up.” The trick is to look as if you fought long and hard for it. Many people don't say much aloud, but just nod at the auctioneer—he knows what they have in mind. Women have been known to bid energetically against themselves. It's a good way to pass a Saturday afternoon; you really might find something you've been trying to find for years. You never know when somebody's collection of old coat hangers or some stove lining (stove lining?) that fits *any* stove might come in handy. Anyway, they're fun for the whole family and are unconditionally rated GP.

Decisions, decisions . . .

"I've got five, five, five, do I hear seven?" says Wendall Knudson.

A prospective bidder investigates carefully.

There are usually beds to rest on, or in this case, just visit.

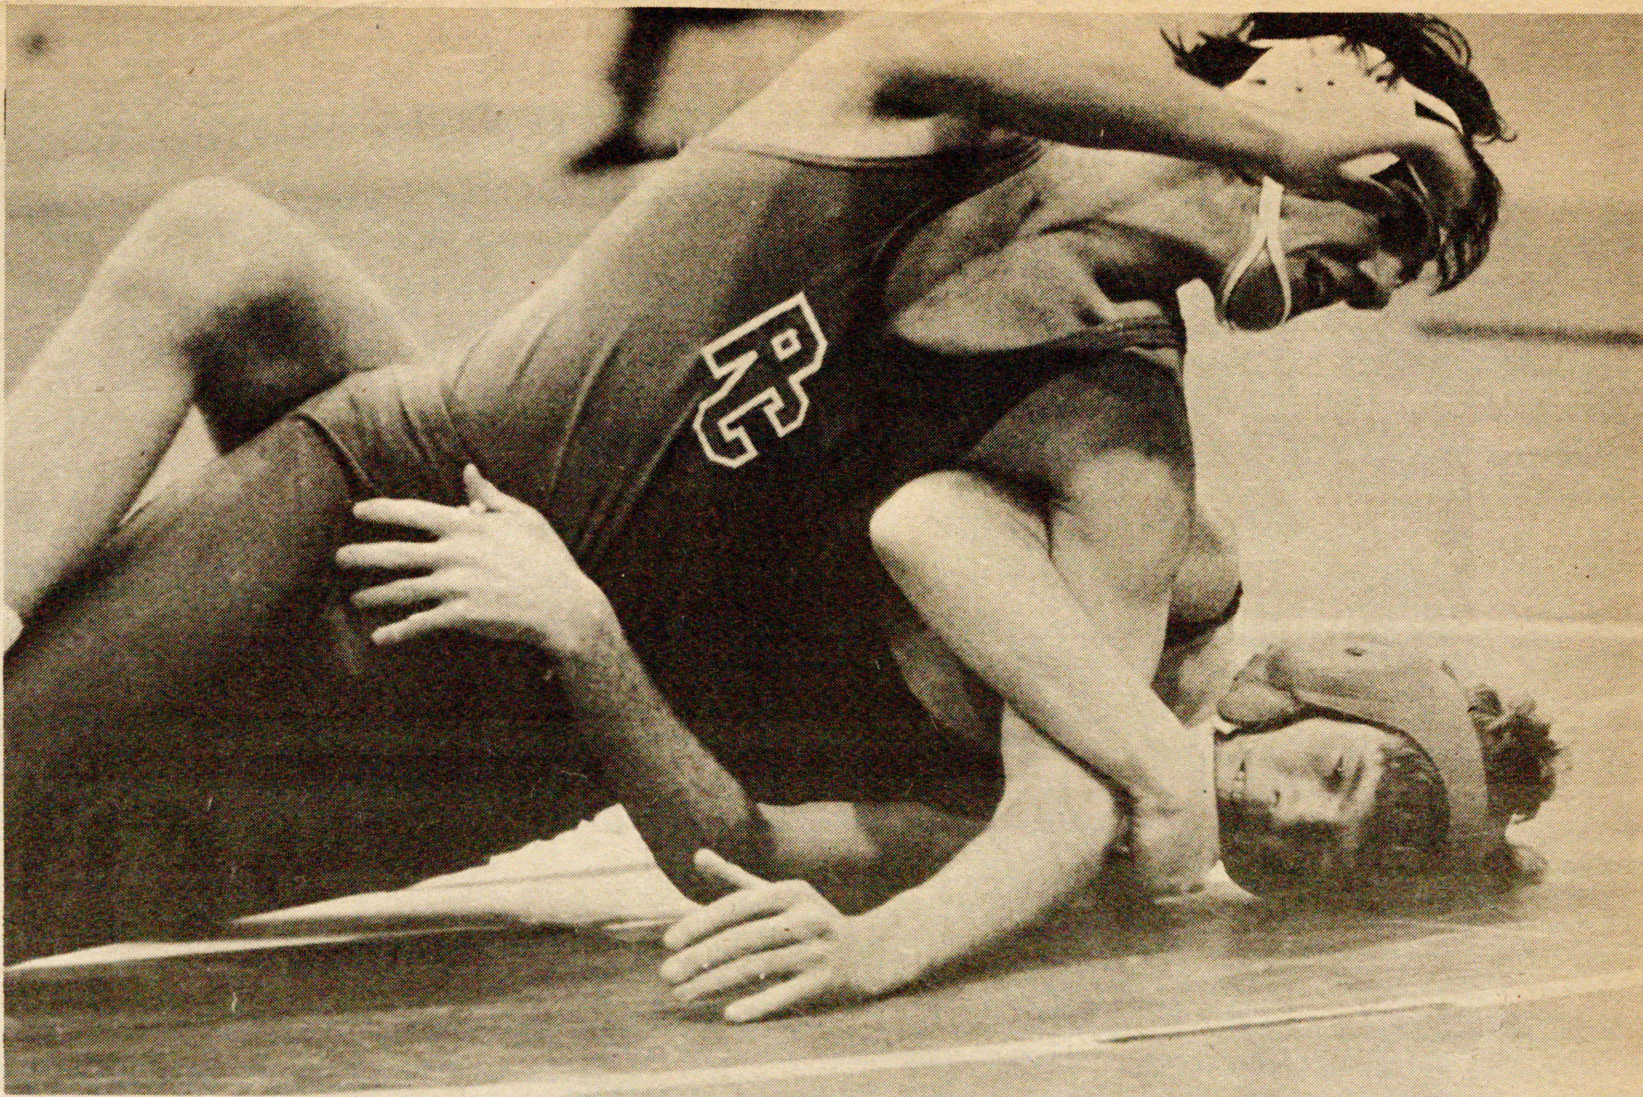

Sign up to race Dec. 5

North Central College will sponsor its fourth annual marathon at 11 a.m. Saturday, Dec. 5.

Al Carius, North Central track and cross-country coach, said the 26-mile, 385-yard marathon is open to all persons for a \$1 entry fee. He said that entries should be made by Nov. 28. Entries received after that date will be charged a \$2 late entry fee.

Carius said all runners should report to Merner Fieldhouse on the campus no later than 10 a.m. Dec. 5 for check-in, instructions and numbers. Dressing room facilities will be available, but runners are to bring their own towels and locks. Spikes will not be allowed, since the race is to be run on asphalt roads.

The first-place winner will receive a watch. Travel alarm clocks will be awarded to second and third-place finishers. All runners finishing the course in less than four hours will receive a certificate. High school athletes are not eligible for the first three awards.

St. Mary's cagers divide in 2 non-conference games

The basketball season is in full swing at St. Mary's of Mokena with both the lightweight and heavyweight teams getting in two non-conference games.

The two teams traveled to St. Nicholas of Oak Lawn and split for the evening. The lightweights lost a close game, after an early lead. The final score of the game was 26 - 24. The heavyweights won their match, 59 - 46.

The second game of the week pitted St. Mary's against St. Joseph of Manhattan. The lightweight team came from sixteen points behind to tie the score in the last three minutes. Unfortunately, they lost the game in the overtime by the score of 34 - 30. The second game was in the win column for St. Mary's heavyweights. After going out to a large lead in the early parts of the game, St. Joes came within two points of the lead before St. Mary's pulled ahead and won, 49 - 44.

The two teams now have a record of: lightweights 1-2, and heavyweights 2-1 as they go into conference play.

Next weeks only game is scheduled for Tuesday, December 1 for both the lightweights and the heavyweights against St. Joseph of Lockport at Lockport.

St. Mary's seventh and eighth grade girls were included in the All Saints Conference Junior High School Girls Power Volley Ball Tournament. Both teams had identical records of 6-2, and were presented with a second place trophy, Nov. 21 at the all-star game at Oak Forest. Three girls from each team were selected to play in the all-star game.

The seventh grade team was coached by Sister Deborah with the roster of: Pat McNamara, Mary Sinnott, Diane Stead, Theresa Langs, Donna Lorenzen, Kathy Farmer, Sue Smego, Debbie Ziemann, Sue Meurer, Anita Crawford, Lori Hauser, Debi Becker, Anne Schofield, Chris Yanchick, Eloise Petnuch and Peter Reed.

The eighth grade team was coached by Mrs. Miriam LeBeau with the roster of: Mary Murray, Robin Roberts, Carol Wajek,

Head basketball coach Paul Ruddy is starting his 10th year in the program at Lewis - St. Francis college, Lockport. It will be his fifth year as head coach.

He has an over-all record of 66 wins and 37 losses. Ruddy will have a full-time

assistant in Bob Penosky, who has been at Lewis for two years.

Returning lettermen for the Flyers will be what Ruddy calls "three of the finest guards we have ever had around here:" six-foot, one-inch junior Dennis Webb,

five-foot, 11-inch junior Reuben Arthur, and six-foot, two-inch senior co-captain Howard Mabry. Other lettermen include last year's second leading scorer and this year's co-captain, Mike Slovick, six-foot, 3 inch senior forward, and Chuck Koliska, six foot, 5 inch junior center.

A valuable addition to the team is junior Paul Howard, a six foot, 6 inch transfer student from Lamar Junior College, Colorado. Other new

additions who will be playing important roles are six foot, three inch sophomore forward Mike Flaherty and six foot, 2-inch sophomore forward Herbert Mumford, as well as two freshmen, six-foot, 5-inch center Jim Lucas and six-foot, four-inch forward George Robson.

The junior varsity will have a 19-game schedule.

The Flyers' first scheduled game will be Dec. 1 at the University of Illinois Circle Campus.

Dec. 1 cut-off date for Naval Reserve

Applications for the Naval Reserve Officers Training Corps college training program must be received on or before Dec. 1, 1970, the Navy has announced.

Applicants will be considered on the basis of scores in either the Scholastic Aptitude Test conducted by the College Entrance Examination Board at Princeton, N.J., or the American College Testing Program, Iowa City, Iowa. This will be in

lieu of the Navy College Aptitude Test previously used as the first step toward a college scholarship and a regular commission in the Navy or Marine Corps.

Accepted students receive full tuition, books and a subsistence allowance of \$50 a month.

High school seniors between the ages of 17 and 21 (by July 1, 1971) are eligible to apply. Applications for the NROTC program are available at the local high schools or from the nearest Navy or Marine Corps recruiting stations.

They also can be obtained by mail from the chief of naval personnel, Department of the Navy, Washington, D.C. 20370.

Area soccer team in National Invitation

The College of DuPage soccer team has been chosen as one of the two teams at-large to play in the National Invitation Soccer Tournament in St. Louis Nov. 24 through 28.

Only eight teams are in the tournament.

In his first year at DuPage coach Bill Pehrson has established an 8-3-1 record in

competition with junior colleges and four-year schools. This is an impressive improvement over the 3-7 record DuPage compiled last year.

DuPage's first match will be at 11 a.m. today, Nov. 25, against Loraine College, Elyria, Ohio. The championship match will be held at noon Saturday, Nov. 28.

College of DuPage sets Dec. 8 for hockey tryouts

Herb Salberg, College of DuPage hockey coach, has announced a team meeting will be held at noon Tuesday, Dec. 8, at the Ridgeland Commons ice rink, Lake St. and Ridgeland Ave., Oak Park.

Tryouts will follow the meeting. Salberg emphasized that no one will be allowed to practice unless he brings a written physical examination statement from his doctor stating the candidate's fitness to play ice hockey.

Last year's team won 13 straight games against four-year schools and junior colleges before losing its last game of the season to Morton Junior College, 2-1.

Lincoln-Way beats Peotone

Measles drive Dec. 7

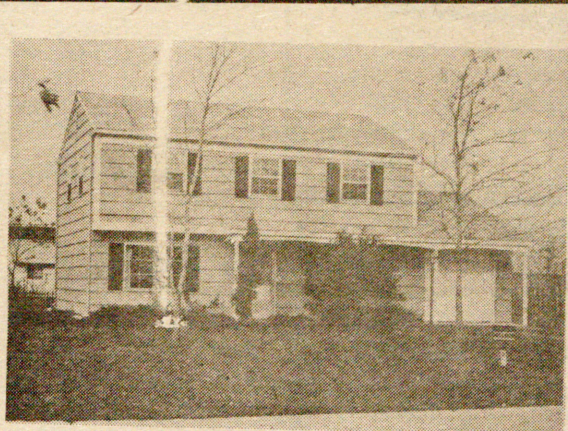

Doctor Herbert Miller, Will County Health Officer, announced that a county-wide immunization program for Rubella (German Measles) is to be conducted in Will County during the week of December 7.

Immunization will be given to children in kindergarten, first, second and third grades and to preschool children who are one year old or older. The limitation to children of this age is because almost all children in the fourth grade and older are already immune to Rubella.

There are between 30,000 and 35,000 children in Will County between the ages of one year through the third grade. Immunization will be given only to children whose parent or guardian requests such service in writing. For school children the forms for parent or guardian signature will be distributed by the school. For preschool children the permit will be signed at the school.

Rubella (German measles) immunization is important for the child who receives protection from this illness. It is also important to all pregnant women because the Rubella virus is a danger to the developing fetus which can die or be deformed by Rubella infection of the pregnant mother.

It is the child who carries the virus to pregnant women, and immunizing the children will protect the unborn.

A Thought To Remember BY BOB HIRSCH

Thanksgiving is a traditional American holiday. The Pilgrims, back in 1621, set the day aside for feasting and to give thanks for their excellent harvest which followed a severe winter. In recent years, even with attempted crop curtailment, our harvests recorded new, astounding yields; the largest in the history of mankind.

As we give thanks this year and celebrate our stomach satisfying day, we should think of those who hunger elsewhere. Even the clouds must seem sad when they release rain on a people inhabited soil that does not and can not yield even a semblance of meager food in famine stricken lands.

The Pilgrims not only gave thanks for their harvest, they shared their feast with Indians in the area. In our era, a beneficent and kind Creator has made it possible for us to celebrate Thanksgiving every day of the year. Since this is so, shouldn't we give thanks and share our blessings every day of the year?

"I'M SALTING AWAY
TWENTY BUCKS AT THE BANK
EVERY PAY DAY"

"THAT'S
NOTHING TO
SNEEZE AT"

Twenty dollars a week mounts to over \$1,000 in a year . . . \$5,000 in five years . . . \$10,000 in ten years. Nobody's sneezing at THOSE sums! And your regular deposits are not the only Growth Factor in a Savings Account. Beginning Jan. 1, 1971 every dollar you put in earns INTEREST FROM THE DAY OF DEPOSIT TO THE DAY OF WITHDRAWAL, COMPOUNDED QUARTERLY. Thus the salting away process can produce a well-seasoned cash reserve that will be your friend-in-need some day when the salt shaker is empty. Let's shake on it!

Wage hikes granted at Mobil

FRANKFORT — Ray Wohlfert, plant manager of the Mobile Chemical Co. here, has announced improvements in the firm's wage and benefit programs.

There is a substantial average general wage increase, he said, plus increased pay ranges, increased insurance benefits and an increase in the company's contribution to the group insurance program.

"We have enjoyed a steady growth since our plant was established in Frankfort," Wohlfert said. "The fine job each employee has done has contributed to our success. Based on past experiences, I am confident of our future growth and success."

Section 9: A. There shall be issued in the Village of Frankfort no more than one Class A license for each eight hundred (800) residents of the Village of Frankfort.

B. There shall be issued in the Village of Frankfort no more than one Class B license for each eight hundred (800) residents of the Village of Frankfort.

C. There shall be issued in the Village of Frankfort no more than one Class C license for each eight hundred (800) residents of the Village of Frankfort.

D. There shall be issued in the Village of Frankfort no more than one Class D license for each eight hundred (800) residents of the Village of Frankfort.

E. There shall be issued in the Village of Frankfort no more than three (3) Class E licenses.

F. There is no limitation upon the number of Class F licenses, but their issuance is entirely within the discretion of the liquor commissioner.

G. The number of residents of the Village of Frankfort shall be determined by referring to the latest official Federal, State, County, Township, Village or school census available.

Section 10: No license, except Class F, shall be issued under this Ordinance for a period of less than one (1) year and no license shall be issued for a term of more than one (1) year from the date of issuance.

Section 11: All licenses issued hereunder shall be valid from January 1 to December 31 of each year. For all licenses issued and in effect on or before June 30th of each year, the full fee shall be paid; for all licenses issued on or after July 1st of each year, the fee therefor shall be 50% of the annual fee as hereinbefore established. All license fees shall be paid to the President at the time application is made and shall be forthwith turned over to the Treasurer of the Village. In the event the license applied for is denied, the fee shall be returned to the applicant; if the license is granted, then the fee shall be deposited in a general corporate fund or in such other fund as shall have been designated by the Village Board by proper action.

Section 12: The President shall keep or cause to be kept a complete record of all such licenses issued by him and shall furnish the Clerk of the Village, the Treasurer of the Village, and the Chief of Police each with a copy thereof upon the issuance of any new license, and shall notify each of the said officers, in writing, upon the issuance of any new licenses or revocation of any old licenses, within twenty-four (24) hours of its issuance or revocation.

Section 13: A license shall be purely a personal privilege, good for not to exceed one (1) year from the date of issuance, unless sooner revoked as in this Ordinance provided, and shall not constitute property, nor shall it be subject to attachment, garnishment or execution, nor shall it be alienable or transferable, voluntarily or involuntarily, or subject to being encumbered or hypothecated.

Section 14: Any licensee may renew his license at the expiration thereof, provided he is then qualified to receive a license and the premises for which such renewal license is sought are suitable for such purpose, and provided further that the renewal privilege herein provided for shall not be construed as a vested right which shall in any case prevent the President from decreasing the number of licenses to be issued within the Village of Frankfort. However, when the number of applications made for a liquor license, or for any class of license, exceeds the number of licenses permitted under this Ordinance, prior licensees shall be given preference over new applicants provided they otherwise qualify for such license.

Section 15: Licenses issued hereunder shall permit the sale of alcoholic liquor only in the premises described in the application for license. Such location may be changed only upon the written permit to make such change, issued by the President. No change of location shall be permitted unless the proposed new location is a proper one for the retail sale of alcoholic liquor under the laws of the State and the ordinances of this Village.

Section 1: All premises used for the retail sale of alcoholic liquor or for the storage of such liquor for such sale, shall be kept in a clean

and sanitary condition and shall be kept in full compliance with the ordinances regulating the condition of premises used for the storage or sale of food for human consumption.

Section 17: It shall be unlawful to employ in any premises used for the retail sale of alcoholic liquor any person who is afflicted with, or who is a carrier of any contagious, infectious or venereal disease; and it shall be unlawful for any person who is afflicted with or a carrier of any such diseases to work in or about any premises or to engage in any way in the handling, preparation or distribution of such liquor.

Section 18: It shall be unlawful to keep, have, use or permit to be used in any premises in the Village of Frankfort, used for the retail sale of alcoholic liquor, any slot machine, pin ball machine or other instrument device upon which money is staked or hazarded or into which money is paid or played upon chance, or upon the result of the action of which money or other valuable thing is staked, bet, hazarded, won or lost.

Section 19: No license shall be issued for the sale at retail of any alcoholic liquor within one hundred (100) feet of any church, school, hospital, home for aged or indigent persons or for veterans, their wives or children, or any military or naval station; provided that this prohibition shall not apply to clubs or to restaurants, food shops or other places where the sale of alcoholic liquor is not the principal business carried on, if such place of business not exempted shall have been established for such purposes prior to the taking effect of this Ordinance. No person shall hereafter engage in business as a retailer of any alcoholic liquor within one hundred (100) feet of any undertaking establishment or mortuary.

Section 20: No person, firm or corporation shall sell at retail any alcoholic liquor on the day of any national, state, county or municipal election, including primary elections, during the hours the polls are open, within the political area in which said election is being held. Restaurants are permitted to remain open for the purpose of serving food only on such election days.

Section 21: No person licensed under this Ordinance shall permit hoodlums, police characters, vagrants or vagabonds to congregate upon, nor loiter upon the premises, nor shall such licensee permit any disorderly conduct or disturbance of the peace thereon.

Section 22: No license shall be issued for the purpose of selling or offering for sale at retail any intoxicating liquor in any dwelling house, flat or apartment building.

Section 23: The licensee, his lessee, their or its agents, officers and employees, shall at all times be personally responsible for the proper operation of the business, including compliance with the provisions of this Ordinance and the observation of all laws and regulations applicable thereto.

Section 24: No licensee shall keep open or allow his place of business to remain open or sell or offer for sale at retail, or offer to give away on any licensed premises, any alcoholic liquor in the Village of Frankfort on weekdays between the hours of one o'clock A.M. and six o'clock A.M., and on Sundays between the hours of one o'clock A.M. and the hour of twelve o'clock P.M. (noon). The sale of alcoholic beverages shall cease immediately at the aforesaid hour of one o'clock A.M. Members of the general public must leave the licensed premises no later than the hour of one-thirty o'clock A.M.

Section 25: No member of the general public shall remain in or upon the licensed premises after the hour of one-thirty o'clock A.M., as provided above. Nothing herein shall be construed to prevent the licensee and/or his employees from remaining upon the licensed premises after the aforesaid closing hours. Should any person other than the licensee, members of his family or his employees, agents or servants be found leaving the licensed premises after the hour of one-thirty o'clock A.M., the Village shall have the right to presume that such person was served alcoholic beverages after the hour of one o'clock A.M., and such presumption may be raised in any court in a proceeding for violation of the terms of this Ordinance or at any hearing concerning the revocation of the license issued to the licensee of the premises in question.

Section 26: In every tavern or other place in the Village where alcoholic liquor is sold there shall be displayed at all times in a prominent place a printed card which shall read substantially as follows:

"WARNING TO MINORS:

It is unlawful for you to purchase alcoholic liquor or misrepresent your age for the purpose of purchasing or obtaining alcoholic liquor."

Section 27: It shall be unlawful for any holder of a retail liquor dealer's license, or his agent or employee, to suffer or permit any minor to be or remain in any room or compartment adjoining or adjacent to or situated in the room or place where such licensed premises is located; provided that this paragraph shall not apply to any minor who is accompanied by his or her parent or guardian, or to any licensed premises which derives its principal business from the sale or service of other commodities than alcoholic liquor.

Section 28: In addition to all other fines and penalties, the Village President may suspend or revoke the retail liquor dealer's license for any violation of this Ordinance.

Section 29: It shall be unlawful to sell, give or deliver alcoholic liquor to any minor, except in the performance of a religious ceremony or service.

Section 30: It shall be unlawful for any minor to attend any bar, to draw, pour or mix any alcoholic liquor in any licensed retail premises.

Section 31: If a licensee or his agents or employees believes or has reason to believe that a sale or delivery of alcoholic liquor is prohibited because of the non-age of the prospective recipient, he shall, before making such sale or delivery, demand presentation of some form of positive identification containing proof of age, issued by a public officer in the performance of his official duties.

Section 32: It shall be unlawful for the holder of an alcoholic liquor dealer's license to sell, deliver or give any alcoholic liquor to any intoxicated person or to any person known to him to be an habitual drunkard, spendthrift, insane, feeble-minded or distracted person.

Section 33: No license shall be issued to any person for the sale at retail of any alcoholic liquor at any store or other place of business where the majority of customers are minors of school age or where the principal business transacted consists of school books, school supplies, food, lunches or drinks for such minors.

Section 34: The local liquor control commissioner is hereby given the power to enter or to authorize any law enforcing officer to enter at any time upon any premises licensed hereunder to determine whether any of the provisions of the Dram Shop Act, Illinois Revised Statutes, Chapter 43, or any rules or regulations adopted by him or by the State Liquor Commission have been or are being violated, and at such time to examine the premises of said licensee in connection therewith.

Section 35: The Village President may suspend for not more than thirty (30) days (Illinois Revised Statutes, Chapter 43, paragraph 112) or revoke for cause any liquor dealer's license for any violation of any provision pertaining to the sale of alcoholic liquor, as provided and in the manner provided in Illinois Revised Statutes, Chapter 43,
